Helpful hints:

-Criminals are more attracted to homes with weak security and high value.

-Video clips prove criminals test our gates all the time, to see if they lift-able. Please ensure your gate can't be lifted or become a victim.

-Don't leave valuables in your car. We don't know how they know, but they do.

-We expect mugging to increase currently. Cellphones are preferred target. Don't walk & talk unaware!
